

TYPES OF WORK AUTHORIZED

GENERAL CONTRACTORS

CLASS A – build, remodel, repair, move or demolish any structure.

CLASS B – build, remodel, repair, move or demolish all structures not exceeding three stories in height; perform non-structural remodeling, tenant finish, repairs, and demolition of any structure.

CLASS C – build, remodel, repair, move or demolish single family or duplex residences and buildings accessory thereto.

CLASS D – build, remodel, repair, move or demolish detached agricultural buildings, detached residential accessory buildings, residential swimming pools and minor ancillary structures associated with single family dwellings.

PROVISIONAL LICENSES

Provisional Electrical, Plumbing or Mechanical - perform work on single family or duplex structures.

SPECIAL TRADES LICENSES

FIRE PROTECTION – install, maintain, repair, service, test, and inspect automatic sprinkler and standpipe systems for all structures.

FOUNDATION – install, repair and replace building foundations.

ROOFING – install, repair and replace roof coverings. Note: Many general contractors also provide roofing services.

SITE UTILITY INSTALLER – install, repair and replace water service piping, conduit and conductors for electrical service laterals and underground gas piping on residential or agricultural property.
