**Subject:** Letter in support of incorporating the City of Golden

**\*\*This email originated from outside of County of Miami\*\***

Dear County Commissioners and County Clerk,

I am writing this letter in support of incorporating the City of Golden. My husband and I have been property owners of 20 acres in Northern Miami County since 1995. We have a small farm operation. We purchased our property to give our children the life skills of teamwork, hard work, and responsibility that farm life brings. We also provided them with 4-H experiences with leadership, citizenship, and community service that is needed in our community and world.

We live close to 215 and Moonlight Rd where land has been purchased by Northpoint to build proposed warehouses. The warehouses in this community would affect the farm and country life that homeowners moved here for. By forming our own city, with elected officials from our borders elected by us, we are being given the opportunity to exercise and protect our property rights. Without this incorporation, our future of our area and our investments are left in the hands of outsiders who do not represent us and do not have our best interest at heart.

I am asking the county commissioners to support incorporating the City of Golden to help give the citizens in their area with the protection from outside invasions of annexations and warehouses that would threaten our way of life and our property values.

Respectfully,  
Kathy Reschke  
22032 S Moonlight Rd  
Spring Hill, KS 66083
