

Hi I'm indigo Williams I have lived out here basically my whole life, Edgerton north point and the warehouses will ruin my life if you denied Golden! They say home is where the heart is. My home is here, and so is my heart. We came here in 2014 to live in the peaceful country. Every morning I wake up and enjoy the cows mooing, and the smell of manure and watching trucks with hay-bales drive by, I don't instead want to see big industrial trucks zoom by, I love to take walks without fear of getting hurt!

Golden is the best place to be! The golden skies are lovely. God himself chose the name!

It's beautiful out here and we need to preserve the land!

Golden is good Golden is US! We have to protect our farms and our homes

Please pass Golden
