Subject: Fwd: Town of Golden Support

****This email originated from outside of County of Miami****

I just sent this to Danny Gallagher, County Commissioner for our area. I am forwarding it to you as well to assure it goes on record.

Thank you!

Terry Dell

Subject: Town of Golden Support

Mr. Gallagher,

We would like to officially go on record in support of forming a new town, Golden, KS, in northern Miami County.

In October of 2000, we moved to Miami County in part to get away from the city, but mostly to enjoy a quiet rural life - dark nights, silence other than nature's voices, open lands, forested areas, beautiful sunrises and sunsets, on and on. Unfortunately we have already lost some of that due to Edgerton's annexation of lands in southern Johnson County and NorthPoint's destruction of farmland for warehouses. And it appears it will get much worse.

I communicated with you several years ago about the growing number of semi tractors and trailers on Gardner Rd. I had hoped Miami County could have some control of this growing problem, but nothing changed other than it growing much worse. If forming a small town is the only way to help prevent Edgerton/NorthPoint from gobbling up more land into Miami County, then we are absolutely in support of doing just that.

Please add our names to the support for Golden, KS.

Thank you.
