MIAMI CO CLERK

Lee Dye
31308 W 217th St
Spring Hill KS 66083

My husband & I have been involved in the struggle against NorthPoint's & Edgerton's ruthless tactics of aggression against our rural neighborhoods since 2018.

Recently, in asking our neighbors to sign the petition for the incorporation of Golden, out of more than 50 signatures that we gathered, there was only 1 household against incorporation. This is a vast majority! Further, as of Monday evening in the Public Responses posted by the County Clerk, out of 114 letters posted, there were 4 impartial letters, only 17 against & again, an overwhelming majority of 93 Pro-Golden supporters!!

Of those 17 who wrote in opposition, some were not residents of our proposed city, some were intimidated by the presumptuous untruths spread by the Opposition's Petition & (as told directly to us) some only want to sell out to warehouses and get the heck out of Miami County! To heck with their neighbors & community! Those who would sell to NorthPoint would no longer be Constituents, so why would any Commissioner vote as they've asked? Those former residents won't have to deal with the negative impact of the warehouses. THAT will be have to be weathered by their former friends & neighbors!

When we attended the March 3rd County Commissioner's meeting, Planning & Zoning Director Teresa Reeves spoke of the overwhelming majority of County Residents' input from the Comprehensive Plan's Open House. She affirmed that it revealed that most residents still wanted to remain rural, rural-residential & Agricultural in nature. Again, majority support for one the City of Golden's core values!

Dear County Commissioners, your are our only hope of preserving & enhancing our Community & protecting our Hillsdale Lake Watershed & our environment with well thought-out & planned growth that Golden will provide!

You only have one of 2 choices! GOLDEN or Warehouses!!!
Please listen to what the overwhelming majority of residents whom you represent have requested, as well as those of our neighboring cities! Please vote YES for the safety & preservation of our environment & community!

VOTE YES FOR GOLDEN!!! thank you
